Overall good
Using more Google classroom for assignments, having assignments online, feedback and question online.
Virtually teaching initiated for better learning. Encouraged for participation in class activities. Creating interest in other activities like internship, field visit, volunteering, etc. Overall great efforts were taken for students development.
Need to improve in outdoor sources like industrial visit, events, sports, etc
Nice
If the lecture is cancelled because of some important work then it should be informed to us immediately.
Good excellent
Very good
No improvement needed as per now, but still teachers should keep motivating students to participate in extra curricular activities.
Nothing
All Good
Make sure what teachers are saying is understandable to all students. Some teachers only read from the book and give us to write long Long notes.
1. Could do better 2. Needs more attention by teachers for students 3. New methods of teaching could be introduced

<p>Students communication  Approach student's  Not just for learning sometimes need to try dicuss and teach the way students wants if student not able to interact then ask personally about his or her issues because they want to interact but they don't know how too  Some students are we weak so try to give more opportunities to that student  Thank you suryadatta for great experience and really wants to explore more student's abilities and qualities and confidence just we need approach and communication.</p>
<p>Everything is fine..  Just do something about guard which are on the gate..</p>
<p>1) Would appreciate elaborate updates about exams, assignments and extra curricular activities. Especially one month to a week before, as we too have busy/hectic lives as young adults and last minute things stress us out.  2) A regular &amp; fix timetable of lectures with timings of all subjects. It's hard to grasp lengthy subjects in short period of time. (If followed this, it's going to be a great teaching - learning experience)  3) Please, assign us a lunch break of 30 minutes!</p>
<p>Little bit poor practical sessions.  Sometimes teacher rush in syllabus.  Some teachers should interact with students with good approach to grow intrest level in their focus on study.some teachers need good communication and needed communication looking at students point of view.</p>
<p>I am currently satisfied with my learning experience with the teachers.</p>
<p>Supportive faculty</p>
<p>No suggestions</p>
<p>Teachers Are Very Good</p>
<p>Good</p>
<p>Nice</p>
<p>Teachers should enjoy themselves also.  Teachers are a bit more lenient  Everything else is best</p>
<p>No need of improvement in teaching,but there should be proper classes for lectures</p>
<p>The bahaviour of the staff members in this institute is unstaisfactory. They just talk politely inorder to collect the fees. Once you have paid them, they'll show unprofessional behaviour towards the students.</p>
<p>Good teaching</p>
<p>Yes</p>
<p>It happened many times that, if there is event in collage than the date and time of that event is not shared, some time we recive it before one day of that event</p>
<p>The institution should manage events properly as there are last minute cancellations faced by students</p>
<p>Overall teaching learning experience is Excellent</p>
<p>Teaching is good but the problem is with management of Suryadatta.  They aren't good with documents handling,  Many students have reported that their documents were missing</p>
<p>Good</p>
<p>Very good experience in Suryadutta institution</p>
<p>Good</p>
<p>No suggestions</p>
