Dear Prof. Dr. Sanjay Chordiya & **Mrs. Sushama Chordiya**

Please accept warm greetings and congratulations for the function organized on 7<sup>th</sup> Feb. 2013 for presentation of "Suryadatta National Lifetime Achievement Award" and "Suryadatta National Awards 2013".

Due to health problem, I am sorry I could not give full justice to the programme. I have also missed an opportunity to listen to the speeches of the eminent awardees.

Being part of your organization, I was hesitant to accept the award. However your love did not allow me to refuse the same. This programme also provided me an opportunity to meet several friends including Manindarjit Singh Bitta and others.

Love and affection of friends like you has always remained the strength in my life. I am sure that I will continue to receive the same in future.

I have my dream about Suryadatta Group of Institutes. Within few years, this Institute should be "Harvard" of India. Please try to fulfil my dream.

With warm regards and best wishes for Suryadatta Group of Institutes.

Yours sincerely,

## SURYADATTA® - Unique 7 Pillar Philosophy

To say that we live in diverse times would now definitely be a buzzword. The world has changed and is still changing at a fast speed. During these volatile and uncertain times when technology has taken main stage, people are working remotely. Industries are changing the way they work and produce. Companies are looking at hiring people with multiple skill sets, multi-tasking and people who can unlearn fast and learn even faster. Life skills, which add capabilities to aid young people in transitioning to an evolving era of work, have been identified as important for the holistic development of young minds. Effectively scaling up the delivery of such innovative programmes, to empower our youth to thrive and equip them with the right skill sets, is the appropriate logical step. Central to this is a systematic approach that can ultimately help integrate life skills training with the mainstream education curriculum & improve the preparedness of the next generation.
